Bad Businessman

Squirrel Nut Zippers

There's a man going around in the town
Spreading lies, he's the bad businessman
Does his business while he can
He just does his business badHe's a clown, going to get bounced around
If he don't keep his business underground
He's a player and every time he deals a round
It's just a bad hand, what a bad manBeware of what he sells
Surely go straight to Hell
'Taint no bottom in that wishing well
Bad businessmanHe's a clown, going get bounced around
If he don't keep his business underground
He's a player and every time he deals a round
It's just a bad hand, what a bad manBeware of what he sells
Surely go straight to Hell
'Taint no bottom in that wishing well
Bad businessman, swing itHe's the bad businessman
He's the bad businessman
He's the bad businessman
