Tall Dark Stranger (The Apollo 16 Program)

Buck Owens

(Chorus)
Beware of a tall dark stranger
If he comes ridin' into your town
A tall dark stranger is danger (danger)
So don't let no stranger hang around
For he can capture the heart of a woman
With one glance from his flashing brown eyes
Like a bolt from the blue he can steal her from you
Then jump up on his pony and ride ride ride
(Repeat Chorus)
They say a tall dark stranger is a demon
And that a devil rides closely by his side
With no warning he can strike like the thief in the night
Then jump up on his pony and ride ride ride
(Repeat Chorus)
