

# Girl Don't Come

Ronnie Dyson

Girl, don't come  
If it's all been said and done  
Don't turn around  
Let them kick back off the ground  
Let them kick back off the ground  
Girl, don't come  
He's got nothing left to lose  
But that's alright  
That could well change overnight  
You want to take that pretty head  
Lay down in someone else's bed  
Girl, don't come  
Girl, don't come  
Girl, don't come  
Girl, don't come  
If you want my sympathy, my dear  
You'd better not come near, my dear  
I think it's fair to say, my dear  
You'd better see my way  
You'd better see my way  
Girl, don't come  
Girl, don't come  
Girl, don't come  
Girl, don't come  
Girl, don't come  
If you want my sympathy thing, my dear  
Girl, don't come  
You better not come near, my dear  
Girl, don't come  
I think it's fair to say, my dear  
Girl, don't come  
You'd better see my way, my dear  
Girl, don't come  
If you want my sympathy, my dear  
Girl, don't come  
You'd better not come near, my dear  
Girl, don't come  
If you want my sympathy, my dear

Girl, don't come  
You'd better see my way, my dear, my dear  
Girl, don't come  
Girl, don't come  
Girl, don't come  
The simple thing  
Girl, don't come  
The simple thing  
Girl, don't come  
Girl, don't come
