

# In Between

## Jib Kidder

Oh no!  
The way I stand.  
I know, you know.  
I know I am.  
On and on.  
To be nobody else and in between.  
To do the thing: I'm done.  
Oh no!  
You know I know it's on.  
All in all.  
To be nobody else and in between.  
Too true!  
To them: designed.  
To do?  
You do, I knew it!  
Miles on and on indeed.  
Nobody else and in between.  
The way I know I am.  
In truth to you, in truth to them.  
All in all.  
To be nobody else and in between.  
Too need in night, I'm not.  
To you the truth or true to thought.  
All and on.  
To be nobody else an in between.
