

# Child of Man

## Barclay James Harvest

Advisory - the following lyrics contain explicit language:

Child of God was born today  
The child of woman just slipped away  
The child of man knelt down to pray  
And the children of the earth  
Didn't know it was the day of  
Creation, creation, creation One thousand years or maybe more  
Since they first set eyes on that foreign shore  
The grass was green and the water pure  
They turned the key and opened the door  
To a nation, nation, nation Child of God says love your brother  
Take him by the hand  
Child of God says love your neighbour  
Make him understand  
Child of God says love your sister  
Take her by the hand  
Child of God says love your neighbour  
Make him understand  
Make him understand All believers gather round  
Press your faces to the ground  
Lift your voices to the sound  
Of all the others who have found  
Salvation, salvation, salvation  
Salvation, salvation, salvation Child of God says love your brother  
Take him by the hand  
Child of God says love your neighbour  
Make him understand  
Child of God says love your sister  
Take her by the hand  
Child of God says love your neighbour  
Make him understand  
Make him understand Salvation, salvation, salvation  
Salvation, salvation, salvation

Salvation, salvation, salvation  
Salvation, salvation, salvation
