

Al Capone

Michael Jackson

Why did you let him get away?
After the staring, what'd ya say?
Treating me bold and cold as ice,
Screamed in my face, then pulled a knifeShe told us why, but now he's in,
Knowin' my job to get revenge,
Why did you let him get away?
How did you let him get her?Too bad, forget it, 'cause Al Capone is in it,
So sad, regret it, 'cause a madman's out tonight!Ya should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be grievin' this wayYa should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be grievin' this wayWhy did you let him get away?
After the staring, what'd ya say?
Treating me bold and cold as ice,
Screamed in my face, then pulled a knifeShe told us why, but now he's in,
Knows it's my job to get revenge,
Why did you let him get away?
How did you let him get her?Too bad, forget it, 'cause Al Capone's in it,
So sad, regret it, and I told her out tonight!Ya should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be grievin' this wayYa should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be grievin' this way(Oww!)
(Instrumental Break)
(Hoo!)Too bad, forget it, 'cause Al Capone is in it,
So sad, regret it, 'cause a man is out tonight!Ya should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be grievin' this wayYa should've told her,
Nobody ever showed her about us,
No one's sleepin',
Nobody should be breathin' this wayYa should've told her (Should've told her),
Nobody ever showed her about us (About us),
No one's sleepin' (No one, no),
Nobody should be grievin' this way (I don't know)Ya should've told her (Should've told her),

Nobody ever showed her about us (About us),
No one's sleepin' (No one, no),
Nobody should be breathin' this way (Oww!)Why did you let him get away?
After the staring, whatcha say?
Treating me bold and cold as ice,
Screamed in my face, then pulled a knifeShe told us why, now he's in,
Knowin' my job to get revenge,
Why did you let him get away?
How did you let him get away? (Hoo!)(Doo-do-do-do-do-do!)
(Hee-hee-hee-hee!)(Fades out)
