Day After Day

Mr. Alfa

So what if I lost my mind
So what if this is goodbye
Who cares what they say
They never cared anyway
The world is a cage we can never escape
Day after day, day after day
My life is a page I can never erase
So say what you say, say what you say
I don?t wanna be
You don?t wanna be
I don't wanna be me
This life that we made is fake
All they wanna do is take
Look all around you
There's nothing you can do
Nothing you can do
The world is a cage we can never escape
Day after day, day after day
My life is a page I can never erase
So say what you say, say what you say
?Cause I don't wanna to be
You don't wanna be
I don't wanna be me
There's no over thinking when everything's sinking
Around you, around you
Staring down the barrel of another empty bottle
I'd give it all back, give it all back
Just to feel real again, again
The world is a cage we can never escape
Day after day, day after day
My life is a page I can never erase
So say what you say, say what you say
?Cause I don't wanna be
You don't wanna be
I don't wanna be me
I don't wanna be
You don't wanna be
I don't wanna be me
