

# Gold and Warm

## Bad Veins

I'll always hold dear  
The time that I spend here  
The streets are all caved in,  
And it's so hard to steer  
So I run, and I'm running  
As fast as I can  
When the time is right

I wanna hear your heart beatin' loud  
And I wanna see you stand up proud  
'Cause we go where sunlight is gold

The ending is near  
But we're not going far  
Put up a cement wall and  
Tied a rope to a star  
So I climb  
And I'm climbin' as fast as I can  
'Cause I love ya, I love ya

I wanna hear your heart beatin' loud  
And I wanna see you stand up proud  
'Cause we go where sunlight is gold and warm  
Where sunlight is gold and warm  
Where sunlight is gold and warm'

I wanna hear your heart beatin' loud  
And I wanna see you stand up proud  
'Cause we go where sunlight is gold
