Street Lights

Andre Merritt

Take your life in your own hands
Walk down the street looking over your shoulder
Who will you meet?

And it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights

Look at the street lights what a pretty sight,
(hah) You say that you love me, you say that you don't, you try to get me to jump through your hoop but I won't

And it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights

Look at the street lights what a pretty sight

I'd like to move city, I'd like to move town,
cus all you ignorant people, Your bringin' me down

And it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights

Take you life in your own hands,
walk down the street, looking over your shoulder,
Who will you meet?

And it's a big crowd out tonight

Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights
Oh it's a big crowd out tonight
Look at the street lights

Look at the street lights what a pretty sight [x3]
Look at the street lights,
(look at the street lights)
Oh what a pretty sight
(oh what a pretty sight) [x2]
