

Not Love or Death

The Rural Alberta Advantage

Nothing's gonna tear you away from me
Not love or death
No, Nothing's gonna hold you back to me No - not I
She want a candle
Fire's gonna burn you back to me
In envy and I
We've been running hard
The body's been stopped
Going out awhile - not I
Why'd she want a candle - not I
Got you in the end Oh we're on fire - love
There's nothing bringing you problems
We're just lying here - love
There's nothing saving this house Fire's gonna burn you back to me
In envy and I
We've been fighting hard
The embers been gone
Going out a while - fought I
Love is with them - oh, not I
