

Train Again

Mishka

Here comes that train again
Here comes that train again
Here comes that train again
So get on, on, on, on Here comes that train again
Here comes that train again
Here comes that train again
So get on, on, on, on This roots reggae sound that we're rocking to
A sanctuary where we hail the king too
Let me hear your song if your singing too
Giving Jah thanks and praises
Showing respect where its due Here comes that train again
Here comes that train again
Here comes that train again
So get on on on on Here comes that train again
Here comes that train again
Here comes that train again
So get on, on, on, on Yeah, this is the reggae rock we all a cling to
For all the people out there doing there thing too
I really wanna know if you're coming too
I really wanna know if I'm getting through Here comes that train again
Steady as a trade wind
Here comes that train again
So get on, on, on, on Here comes that train again
Ramblin' on from way back when
Here comes that train again
So get on, on, on, on Got to be ready, got to be sure
Keep on rockin' steady
'Cause we got to endure Hands have to be clean
Hearts have to be pure
Full of Jah, Jah love
And nothing more This train is a vision, yeah
It's the love of the people
This train is a vision, yeah
And it's comin' full circle Here comes that train again
Here comes that train again
Here comes that train again
So get on, on, on, on So get on, on, on, on
So get on, on, on, on
