

Wild and Free

Ziggy Marley

a fire burns for freedom
a fire burns for freedom
the smell of decent is i
i am standing for the truth
too long has been denied
the data of changing is rising
i hope we realize
unchained wings let angels flychorusi see fields forever
growing wild and free
i see marijuana trees blowing in our breeze
i see .. fields forever growing wild and free
wild and freea crime against nations
a war is .. there is a message
in the wind for every race
peace and love we saw
so let us grow is good for the ..
is good for the soulchorusi see fields forever
growing wild and free
i see marijuana trees blowing in our breeze
i see .. fields forever growing wild and free
wild and freeso lost the kiss of death
deny the tree of life
stand hypocrisy for so many lies
corporation greed can only see .. survive by planting weedchorusi see fields forever
growing wild and free
i see marijuana trees blowing in our breeze
i see .. fields forever growing wild and free
wild and freechorusi see fields forever
growing wild and free
i see marijuana trees blowing in our breeze
i see .. fields forever growing wild and free
wild and freecrucified savior to save your face
demonized nature our saving grace
we got to put to good use
what the lord has gave
fruits of the tree herbs of thechorusi see fields forever
growing wild and free
i see marijuana trees blowing in our breeze
i see .. fields forever growing wild and free

wild and free
