

Wolf Call

[Elvis Presley](#)

Flip, flop with kay-eye [unverified]
What a cutie pie I see
Oops shoopa doo-wah
Lips of honey thats for meShim sham shimmie
I might forget you baby, theres no doubt
I saw you standing against the wall
I whistled and I gave my all
Now dont tell me you dont fall
For that wolf callJust a little kissll put me in a whirl
Ill never whistle dearie at another girl
You love me well well have a ball
Why do you try to stall
Now dont tell me you dont fallFor that wolf call
For that wolf call
For that wolf call
