Ex Girlfriend

Brielle Lesley

I should have listened to your ex-girlfriend

She told me girl please donâ€™t trust him

You made me believe that youâ€™d be a better man

Open up my heart and give this love thing another chance

I believed everything this nigga said,

shit I put my whole heart into his hands

I was just the moment, not in the future plans

I shouldâ€™ve listened to your ex girlfriend

I held onto your word, gotta let it burn

You build me up to bring me down, Shit I donâ€™t deserve

Donâ€™t know what to do, I quit them all for you

I put up for your crew and itâ€™s fucked your cuz she said

Heâ€™s a liar, heâ€™s a cheater, good provider but your not the only one

Yea theyâ€™re endless but youâ€™re the realest

In my eyes but she was right

I shouldâ€™ve listened to your ex girlfriend, Ohhhh, Yea

I shouldâ€™ve listened to your ex girlfriend
