

# Technicolor Dreams (Mono Version)

## Status Quo

I see your face at the dawn of the day, gold as the sun begins to shine  
I see your face now at the end of the day, purple shadows dancing in your eyes. Technicolor dreams are all I see  
Technicolor dreams of you and me I see your shadow tripping through a silver glade, tiptoeing over crimson sand  
Luring me onwards into a sea of jade, leading me gently by the hand Technicolor dreams are all I see  
Technicolor dreams of you and me If I could escape through the windows of my mind  
I would fly to your magic mountain land  
There we would stay 'til the world had passed away  
With a love only we could understand Technicolor dreams are all I see  
Technicolor dreams of you and me I see your face at the dawn of the day, gold as the sun begins to shine  
I see your face now at the end of the day, purple shadows dancing in your eyes.
