

# Blind Owl (2010 Remaster)

## Badfinger

Lies, ties, Mr Cool disguise  
Hang it up, get up on your own  
Pill driven skills, weeping whippoorwills  
Too much going 'round that you can't hide  
Look out for the blind owl  
You can only find that you were wrong  
No one else around me ever loved me like you do  
So I'll be strong  
Look out for the blind owl  
You can only find that you were wrong  
No one else around me ever loved me like you do  
So I'll be strong  
Days, plays, interviewer's maze  
Play the role, sell your soul  
Becoming to yourself  
A hero who must never lie?
