Punk Rock Princess

Something Corporate

Maybe when the room is empty,
maybe when the bottle's full,
maybe when the door gets broke down love can break in.
Maybe when I'm done with thinking
maybe you can think me whole
maybe when I'm done with endings this can begin.
This can begin
This can beginIf you could be my punk rock princess,
I would be your garage band king.
You could tell my why you just don't fit in, and how your gonna be somethin'Maybe when your hair gets darker
maybe when your eyes get wide
maybe when the walls are smaller there will be more space.
Maybe when I'm not so tired
maybe you can step inside
maybe when I look for things that I can't replace
I can't replace
I can't replaceIf you could be my punk rock princess
I would be your garage band king
You could tell my why you just don't fit in, and how your gonna be something
If I could be your first real heartache I would do it over again.
If you could be my punk rock princess, I would be your heroin.I never thought you'd last
I never dream you would.
You watch your life go past
you wonder if you should...
If you should be my punk rock princess so I would be your garage band king
you could tell my why you just don't fit in, and how your gonna be something.
If I could be your first real heartache, I would do it over again.
If you could be my punk rock princess I would be your heroin.Whoa Ohhhh, you know, you only burn my bridges
Whoa Ohhhh, you know, you just can't let it sink it.
You could be my heroin
You could be my heroin
