

I Want a New Drug

Huey Lewis & The News

Aah aahI want a new drug
One that won't make me sick
One that won't make me crash my car
Or make me feel three feet thickI want a new drug
One that won't hurt my head
One that won't make my mouth too dry
Or make my eyes too redOne that won't make me nervous
Wondering what to do?
One that makes me feel like I feel when I'm with you
When I'm alone with youI want a new drug
One that won't spill
One that don't cost too much
Or come in a pillI want a new drug
One that won't go away
One that won't keep me up all night
One that won't make me sleep all dayOne that won't make me nervous
Wondering what to do?
One that makes me feel like I feel when I'm with you
I'm alone with you
I'm alone with you babyI want a new drug
One that does what it should
One that won't make me feel too bad
One that won't make me feel too goodI want a new drug
One with no doubt
One that won't make me talk too much
Or make my face break outOne that won't make me nervous
Wondering what to do?
One that makes me feel like I feel when I'm with you
I'm alone with you
I'm alone with you yea yea
