

Everything Is Good For You

Crowded House

See a man with a flag and he leads the procession
And a woman shedding tears for a man locked in prison
When the two locked eyes and for a moment I was taken
And all paths lead to a single conclusion Everything is good for you
If it doesn't kill you
Everything is good for you
One man's ending is another one's beginning
Everything is good for you It's a nightmare jump into the restless ocean
With a reckless calm to state their position
And if you come undone it might just set you free Everything is good for you
If it doesn't kill you
Everything is good for you
One man's ending is another one's beginning Bring back your head
We'll come struggle to turn the angry words
Cover you up Everything is good for you
If it doesn't kill you
Everything is good for you
If it doesn't kill you
Everything is good for you
Is good for you
