By the Time I Get to Howlong

Spiderbait

Looking down an empty road
To Lockhart town
A heavy load behind meIt's draggin' onI'm leavin' on the midnight bus
To West Wyalong
And don't care much about itI got to goOutside it's sunrise againThat's rightSo won't you say you oughta be
In a sunny car
In sunny Coleambaily with me, babeI wanna know'Coz I'm sittin' down
Upon a train
To Shepparton and back again
And I just wanna get homeOutside it's sunrise
Mist on the road
Driving to Bright againDrive again
Drive again
