What colors in this season
Think I'm a tear up nemans

My million dollar smile
Hit any party red carpet
Man I shut that down
Don't hate just go get yours
No excuses no more
I just dropped another hit
Cause I'm that million dollar chickBaby if you want it then I got it, cause I'll be gettin' some more (yeah yeah)

I'm a million dollar girl, baby I'm a million (a million)I'm off in another world
So far out this atmosphere
I could throw a hundred million
Out the cockpit of my layer
That's dirty money (uh uh)
You starving hungry (that's right)
I got a million in singles
Take it all of, shake it for me
No renting
My millions hydro-planed

And I'm done with sandro-playin'
In my lambo ice coat painted
I'm richer than all the riches in the world
You ain't no could be and I ain't tryna buy you
I'm tryna slide you, how about some Gucci?Baby if you want it then I got it, cause I'll be gettin' some more
(yeah yeah)
I'm a million dollar girl for sure

I'm a million dollar girl, baby I'm a million, a millionBaby if I want it I got it cause I'll be gettin' some more
Cause I'm a million dollar girl for sure (uh oh)
I'm a million dollar girl, baby I'm a million (a million)He shower me in diamonds
I vacation for months
Penthouse at the trump
In Las Vegas I'm lady love
Million dollar swell
I know I got chu feenin'
These shades are y-s-l
These heels ain't out till next season
I'm in that pink Ferrari
I got a thing for Porsche's
I like my men like my cars
Strong and built like horses
Glass of chardonnay
I'm far from aver-age
Rich and lavish
That's why I am the baddest bitchBaby if you want it then I got it, cause I'll be gettin' some more (yeah yeah)
I'm a million dollar girl for sure
(uh oh)
I'm a million dollar girl, baby I'm a million, a millionBaby if I want it I got it cause I'll be gettin' some more
Cause I'm a million dollar girl for sure (uh oh)
I'm a million dollar girl, baby I'm a million (a million)
