

# The Way

Clay Aiken

There's something about the way you look tonight  
There's something about the way that  
I can't take my eyes off you There's something about the way your lips invite  
Maybe it's the way that  
I get nervous when you're around  
And I want you to be mine  
And if you need a reason why It's in the way that you move me  
And the way that you tease me  
The way that I want you tonight It's in the way that you hold me  
And the way that you know me  
When I can't find the right words to say  
You feel it in the way, oh you feel it in the way It's something about how you stay on my mind  
It's something about the way that  
I whisper your name when I'm asleep, oh girl Maybe it's the look you get in your eyes  
Oh baby it's the way that  
Makes me feel to see you smile  
And the reasons they may change  
But what I'm feeling stays the same It's in the way that you move me  
And the way that you tease me  
The way that I want you tonight It's in the way that you hold me  
And the way that you know me  
When I can't find the right words to say  
You feel it in the way, oh you feel it in the way I can't put my fingers on  
Just what it is that makes me love you, you baby  
So don't ask me to describe, I get all choked up inside  
Just thinking 'bout the way It's in the way that you move me  
And the way that you tease me  
The way that I want you tonight It's in the way that you hold me  
And the way that you know me  
When I can't find the right words to say  
You feel it It's in the way that you move me  
And the way that you tease me  
The way you feel it in the way It's something about the way you look tonight  
There is nothing more to say than  
I feel it in the way
