Nauseating

Such Gold

Hear that coughing it sounds like a fire
This scarecrow's straw has just expired
If the birds start to pick promise me you will pay them no mind
Nausea and other side effects
What is that right on the other side of the glass?
Is this fear just what you wanted?
I know the feeling and I embrace it from time to time
Is this long drive what you wanted?
I know the feeling barely hanging on
So when the wind starts to blow right through you you'll know that's it's coming again
A boy in a car ain't your friend, never was
Same old bullshit, same as you heard last year
Connecting sections of things you might already hear somewhere
Is this fear just what you wanted now?
Is this fear just what you wanted?
I know the feeling and I embrace it from time to time
Is this long drive what you wanted?
I know the feeling barely hanging on
Barely hanging on
A storm cloud steamrolled roof high
Is this fear just what you wanted?
Well I'll give it to you
