

Simple

[Cherub](#)

Eternally on the run, uh
From everyone
Dont wanna live too fast
or die too young, uh huhBut now that I'm buzzed
and soon to be fucked
I just want to live it up, OH
with the ones I loveAnd simple minds
Lead to simple lives
and, simple lives
make more sense sometimesCause I dont want
any stress in mind
Thats why I push it out
to the side
to the side
