

# First Fool in Line

[Don Williams](#)

I know I shouldn't love you  
from the way we said goodbye  
And I know there are others  
with tears for you still in their eyes  
But if I thought you were lonely  
I wouldn't waste any time  
I'd be the first fool in line  
Funny thing about a memory  
when it comes to love  
It forgets all the bad times  
and remembers what it wants  
so if you're looking  
for a heart whose love is blind  
I'll be the first fool in line  
I'll fall back into your arms again  
Just as fast as the fool I was back then  
I know I should know better  
i know the hurt I'll find  
But I'll be the first fool in line  
I'll fall back into your arms again  
Just as fast as the fool I was back then  
So if ever you are lookin'  
for a heart whose love is blind  
But I'll be the first fool in line
