

Water's Edge

1997

I'm at the water's edge and I'm peering closer
This is where I will be, where you can find me
My shadow's kissing secrets, my heart's in agony
I never meant to make you cry, love come back to me Troubled boy I'll kiss you one
Last time and then say goodnight forever
But little girl, I'm not feeling well
These nights are long enough without you
Who's sending letters through the mail
Stop it, quit calling my name
Who's empty chair is at the table It's mine I left alone
Who changed the locks
Who took the pictures of the wall
Streaming along like a beautiful love song Carolina, Carolina, Carolina, Carolina Now that I have you, may I use
you as a muse
And keep you up all night
With trading stories of whispering love Troubled boy I'll kiss you one
Last time and then say goodnight forever
But little girl, I'm not feeling well
These nights are long enough without you
Who's sending letters through the mail
Stop it, quit calling my name
Who's empty chair is at the table All I want, all I need
All I want, is to be, ohh
Do, do, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, ohh I'm sending letters through the mail
Who's empty chair is at the table
Who changed the locks
Who took the pictures of the wall
Streaming along like a beautiful love song
