Here She Comes

Kurt Nilsen

Have you ever met my friend?
Her name is June
She's a solid piece of workBrought up in a shitty little town
Which stays unknown
Still she misses homeShe's done it well on her ownHere she comes
She won't be brushed aside, oh, no
Here she comes
You'll know it's her
Here she comes
Here she comesWhile you've been sleepin' she been up
Since I don't know when
Never waste her timeOnce she sets herself a goal
She switches mode
You'd better be on her sideYou'd better be careful!Here she comes
She won't be brushed aside, oh,no
Here she comes
You'll know it's her
You'll know for sure
Here she comesAnd her voices lead her on
Embrace the shadows, enjoy the sun
She's bright
She's the one!Here she comes
