

# Dancing in the Public Eye

## Frankie Cosmos

my ass is made of velvet  
my hips are made of stone  
if you really love me  
you will leave me alone  
i wanna go dancing  
(dancing)  
in the public eye  
i wanna go dancing  
(dancing)  
in the public eye  
the ceiling is the sky  
and the rug is the leaves  
and my honey fell asleep under  
the Christmas tree  
i wanna go dancing  
(dancing)  
in the public eye  
i wanna go dancing  
(dancing)  
in the public eye  
you undo all my clutter  
leave me alone in the flutter  
I try not to be pretentious  
but I always get embarrassed  
i wanna go dancing  
(dancing)  
in the public eye  
i wanna go dancing  
(dancing)  
in the public eye  
i wanna go dancing  
(dancing)  
in the public eye  
i wanna go dancing  
(dancing)  
in the public eye
