Brighter Bright (Light)

Making April

I've been lying through my teeth today
To keep in sight, and you from him tonight
But you'll bite on every word he'll say
I don't know why you buy them over and over again
So don't pretend that this feels right
I feel fineTaste me, won't you crave me every night (night)
And chase me girl, I'll make you feel alright (right)
There's a brighter bright on the other side (side)
So take me for yourself and I will show you why
There's a brighter brightYou're the rabbit, he's the bird of prey
And you'll run right into his grip tonight
Cause you love the way he gets you laid
There's no escaping, only scraping along for the ride
And I can't bear to watch you cry
Please don't cryTaste me, won't you crave me every night (night)
And chase me girl, I'll make you feel alright (right)
There's a brighter bright on the other side (side)
So take me for yourself and I will show you whyThere's a brighter bright
There's a brighter bright
I'm waiting till you're crazy enough to try
There's a brighter brightAnd I can't bear to watch you cry
Please don't cryTaste me, won't you crave me every night
And chase me girl, I'll make you feel alrightTaste me, won't you crave me every night (night)
And chase me girl, I'll make you feel alright (right)
There's a brighter bright on the other side (side)
So take me for yourself and I will show you why
There's a brighter bright
