Till You Feel Something

Dropping Daylight

If Im
Away
From you
Long enough
To make
You cry
At least
You feel something
If Im (taking)
Away (the love)
From you (believe me)
Long enough
To make (a change)
You cry (too much)
At least (I made)
You feel somethingIm twenty thousand miles away
And you still feel nothing
Ill give all the time it takes
To make you feel something
Twenty thousand miles away
And you still feel nothing
Ill give all the time it takes
To make you feel somethingIm
Away
From you
Long enough
To make
You cry
At least
You feel something
If Im (taking)
Away (the love)
From you (believe me)
Long enough
To make (a change)
You cry (too much)
At least (I made)
You feel somethingIm twenty thousand miles away
And you still feel nothing

Ill give all the time it takes
To make you feel something
Twenty thousand miles away
And you still feel nothing
Ill give all the time it takes
To make you feel somethingIm (taking)
Away (the love)
From you (believe)
Do you feel something?
Whoa...If Im taking
Away your love
Then tell me what
I have to do
Huh!Twenty thousand miles away
And you still feel nothing
Ill give all the time it takes
To make you feel something
Twenty thousand miles away
And you still feel nothing
Ill give all the time it takes
To make you feel something
Woo!
