Forget It

The Critters

It's a crime, you let it happen to me
Never mind, I'll let it happen to you
I don't mind forget it, there's nothing to lose
But my mind and all the things I wantedEvery time I get it, throw it away
It's a sign I get it, I wanna stay
By the time I lose it, I'm not afraid
I'm alive but I can surely fake itHow can I believe when this cloud hangs over me
You're the part of me that I don't wanna see
Forget it, forget it, forget it, forget it
Forget it, forget it, forget it, forget it
Forget it, forget it, forget it, forget it
Forget it, forget itThere's a place I see you following me
Just a taste of all that might come to be
I'm alone but holding breath you can breathe
To question every answer countedJust fade away
Please let me stay caught in your way
Just fade away
Please let me stay caught in your wayIt's a crime, you let it happen to me
I don't mind, I love it, easy to please
Never mind, forget it
Just memory on a page inside a spiral notebookJust fade away
Please let me stay caught in your way
I can live forever hereJust fade away
Please let me stay caught in your way
I can live forever hereHow can I believe when this cloud hangs over me
You're the part of me that I don't wanna see
I can live forever here
