## Young Soulja

I'm in the collard green 6, cornbread in the guts  
Got the Halloween kicks trick or treatin' the clutch  
Come on nigga, is you trickin' or what?  
Flow tighter than a dick in the butt  
Just hopped off the plane, came back from Vancouv'  
Little white tee, some boobs, and bamboo  
White girls tell me, "Hey Nicki, your camp rules  
Is that why you get more head than shampoos?"  
Asalamalakum, no oink for me  
And I never let a D-boy boink for free  
'Cause it's Barbie, bitch, you can join the wave  
I done penny, nickel, dined, I done coined the phrase  
You couldn't beat me there if you had a Leer  
Indian style court side with a cavalier
