Stereoman

ELLEGARDEN

I'm all alone
Thinking of yesterday's blues
I don't like to do
But I ain't got nothing else to doI've got a friend
He's here now, he lives in my head
When I'm all alone
I talk to my stereomanI just can't let go
It makes me sickThe only heaven I know
Is heaven in the sound
All I can do is close my eyesThe only heaven I know
My stereoman is fine
He takes me everywhere I goI'm doing this to pick up
The things I dropped off
I had it all
Or maybe I just thought I had it allI just can't let go
Would you hear me out?
Tell me if I'm wrong
It makes me sickThe only heaven I know
Is heaven in the sound
All I can do is close my eyesThe only heaven I know
My stereoman is fine
He takes me everywhere I goIt's over, my friend
The storm is gone and I still think of you
Yeah, I still think of youYou're older, grown up
You won't believe I still think of you
But I still think of youI just can't let go
It makes me sickThe only heaven I know
Is heaven in the sound
All I can do is close my eyesThe only heaven I know
My stereoman is fine
He takes me everywhere I goThe only heaven I know
Is heaven in the sound
All I can do is close my eyesThe only heaven I know
My stereoman is fine
He takes me everywhere I go
