

Can't Get Enough

Suede

I feel real now walkin' like a woman and talkin' like a stone age man
I feel real now talkin' like Buddha and doin' it again
I get kicks, I rip it up, kick it up, take it like a teenage tough
I feel real now talkin' like sugar and shakin' that stuff Singin' I can't get enough
Singin' I can't get enough I feel schizo every so psycho kickin' at an old tin can
I feel real like a man, like a woman, like a woman, like a man
I make dead space feel like a head case, take it like a teenage tough
And feel real now watchin' those wheels and shakin' that stuff Singin' I can't get enough
Singin' I can't get enough Watchin'
Singin' I can't get enough
Singin' I can't get enough I feel real now walkin' like a woman and talkin' like a stone age man
I feel real now talkin' like Buddha and doin' it again
So give me this and give me that smother me
And give me some of that bad stuff
I feel real now talkin' like sugar and shakin' that stuff Singin' I can't get enough
Singin' I can't get enough
Singin' I can't get enough
Singin' I can't get enough
