Words

One Minute Silence

Life, they fought and fell and died
And never came home
Words, for words they fought and words
They fell and words aloneWar, I tried to see it your way, I tried to see it your way
But words fail me
Life, above all else if nothing else
I can't see my way again, I can't see my way againSo here we are
Dawn of a new day
Fuck how it looks
Fuck yesterdayI'm not saying forget
That's not what I'm saying
That's not what I'm saying
You make me feel like I'm nothingBut that's life, yeah, that's life
50 million
A small price for freedom, my freedom
Fuck freedom if I'm not alive to live itI'll fight for it
I won't kill or die for it
This is a rich man's world
Let the rich man fry for itStrange, on no man's land for no man's land
How brave how grand how very dead indeed
Hope, how many more if any more how many roads
Before the hand we hold is freeWar, I've tried to see it your way tried to see it your way
Reasoned but with reasoning life only echoes mine
Life, above all else if nothing else
I can't see my way again, I can't see my way againSo here we are
Dawn of a new day
Fuck how it looks
Fuck yesterdayI'm not saying forget
That's not what I'm saying
That's not what I'm saying
You make me feel like I'm nothingBut that's life, yeah, that's life
50 million
A small price for freedom, my freedom
Fuck freedom if I'm not alive to live itI'll fight for it
I won't kill or die for it
This is a rich man's world
Let the rich man fry for itPeace, they fought and fell and died
And never came home
Words, for words they fell and words

They fought and words aloneI've tried to see it your way
I've tried to see it your way
I've tried to see it your way
I've tried to see it your wayI've tried to see it your way
I've tried to see it your way
I've tried to see it your way
I've tried to see it your wayI've tried to see it your way
I've tried to see it your way
I've tried to see it your way
I've tried to see it your wayI've tried to see it your way
I've tried to see it your way
Words fool me
Words fail me
