Aw Naw

Chris Young

Yeah, I think I'm gonna leave
I'll just have that one drink
And we've all gotta be up earlyBoys, we oughta shut'er down
Just take it to the house
'Fore anybody starts getting crazyI started walking across the floor
Before I got to the doorAw Naw
Somebody just bought a
Shot of that Patron
Hang on, I just might have to stay hey
Aw Naw
Look at the time y'all
What happend to coats on
Long gone
I should be half way home but
Aw NawYeah
Girl I saw you come in
With all of your girlfriends
Just cutting up and shooting Bacardi
Yeah
I got my boys with me
We're just blowing off steam
Not looking to pick up anybodyI was gonna walk on by
You turned around and we locked eyesAw Naw
Do you hear that song
Oh one that just came on
C'mon DJ what you tryin' to do
Aw Naw
It'll be so wrong
If we didn't dance one
Show off, Those jeans you painted on
Aw Naw, Aw NawNo I didn't mean to be here this long,
And I tried to leave so it ain't my fault
No I didn't mean to be holding you
But tell me what was I suppose to doAw Naw
Somebody just bought a
Shot of that Patron
Hang on, We've been here all night long
Aw Naw,
It'll be so wrong

If we didn't dance one more song
Show off, Those jeans you painted on
Aw Naw, Yea Aw Naw
Those jeans you painted on
Aw Naw
