## Dousk

One two, one two, one two, mike, check, check, check  
Yeah, one two, yeah, yeah, clear, clear, yeah  
I'm a young ragga brother from the LDN  
In my Nike Air bubbles and they cost one ten  
Got these beanies on my lap and they all want the length  
I'm a ghetto superstar, come straight from the ends  
And I walk it like I talk it, brother ain't just hype  
Making moves for the money everyday and every night  
Best to believe I keep it tight, best to believe I'm moving right  
Keep my business on the low, you best to believe I'm outta sight  
I like money, money, money, girls, girls, cash, cash  
I'll let the champagne splash  
Yo, I'm not a gang banger but I'm good with a mash  
Make you scratch your head and wonder is he really that flash  
But it really doesn't matter 'cause you know I keep it moving  
Middle of the dance floor, lean, I'm grooving  
Baby cocked her bumper out, you know I gotta wind it  
When we leave the club I'm really gonna get behind it  
Nike Air bubbles on my feet, looking fresh  
Got my brand new garms on, dress to impress  
Got my phone line popping, all these beanies gotta crush  
Keep something in my pocket case these fellas try and rush  
Nike Air bubbles on my feet, looking fresh  
Got my brand new garms on, dress to impress  
Got my phone line popping, all these beanies gotta crush  
Keep something in my pocket case these fellas try and rush  
Brown eyes, five ten, dark skin  
I'm Mr. Dizzee Rascal, why you even asking  
Undercover lover, girls call me buff ting  
But used to keep a Balaclava resting on my chin  
And it's the ends here, hustle hustle, bling bing, blow it in  
About to hear the fat lady sing  
Don't matter what I'm saying, it's the answer within  
But life's a jungle, everybody wants to be the king  
But it's all right though, I got my eyes on the prize  
Money in my draw, bigger picture in my eyes  
Hands around my testicles, little finger rising  
Every step that I take is a step with precision

I'm precise, precisely why my future's looking nice  
The penthouse is lovely, it's a shame about the price  
    But you only live twice, that's on the real  
    No matter where I am I'll always be the real deal  
        Nike Air bubbles on my feet, looking fresh  
        Got my brand new garms on, dress to impress  
    Got my phone line popping, all these beanies gotta crush  
    Keep something in my pocket case these fellas try and rush

        Education starts with discipline, I'm listening  
    But conversation's kinda muffled since I got rich and tings  
        Double turn, indirectly spoke, I never heard a thing  
    Underground or overground, what's the difference? I'm the king  
        Learnt divine right, it's my hindsight, I see it all  
    'Cause I ain't that fake to spread my wings and fly, you're a fool  
    Talking like you're mighty and you're high, but I know you're small  
        There's no logic in your gossip, just the writings on the wall  
        Over ignorant, you ain't got it, you just play far  
        Far from the realist old dog, menace, you're a mark  
    If you're deep, why you gotta roll fifty to the club, blud?  
    Who do you think you're fooling with that fake crew love?  
        The streets don't cater for no long term plan  
        These roads don't give a damn about any man  
    I try and show these brothers, they refuse to understand  
        So I'll just keep doing what I'm doing while I can  
        Nike Air bubbles on my feet, looking fresh  
        Got my brand new garms on, dress to impress  
    Got my phone line popping, all these beanies gotta crush  
    Keep something in my pocket case these fellas try and rush

        East side crew, west side crew  
        North side crew, south side crew
