

Would These Arms Be In Your Way

[Daryle Singletary](#)

Would you like to hear I love you all the time
If you couldn't turn around without us touching would you mind
You know there's something missing round your waist
Tell me would these arms be in your way Would you mind another heart beating for you
Two ears that listen you can talk to
Kisses filled with feeling on your face
Now tell me would these arms be in your way
[fiddle - piano]
Would you mind another heart beating for you...
Darlin' tell me would these arms be in your way
