

# Mr. Doctor Man

## Palaye Royale

Mr. Doctor Man  
Questions his hands  
Lost his mind but he's clinically fine  
Found a way to cope needle in his throat  
Falling down but the world is spinning round and round he knows  
Up down but the world keeps spinning round and round  
I see this place ain't big enough for me  
I want you to take me away way, way ,way baby  
Up down but the world keeps spinning round and round  
I see this place ain't big enough for me  
I want you to take me away way, way ,way  
What did you want to say?  
Chemically it's running through my veins you see? Romance of the plastic scenes  
I can't see you breathe  
They're coming after me  
Honestly it's running through my veins you see  
I don't need their surgeries  
I just want to be  
They are coming after me  
There is a little story  
I'd like to tell  
About this little boy who came from hell  
Sit right there and listen real good  
Ill tell you how always his misunderstood  
But I see you standing there  
With that wicked stare  
Do you stay for the show  
Are you ready to know?  
Are you ready to go?  
Chemically it's running through my veins you see? Romance of the plastic scenes  
I can't see you breathe  
They're coming after me  
Honestly it's running through my veins you see  
I don't need their surgeries  
I just want to be  
But they are coming after me  
Mr. Doctor Man Questions his hands  
Lost his mind but he's clinically fine  
Found a way to cope needle in his throat

Falling down but the world is spinning round  
Stuck in the boom boom room  
People are dancing after their operation  
I want you to move  
But nobody is moving after their medication  
I can't hear the room  
People are dancing after their operation  
I want you to move  
But nobody is moving at all  
Chemically it's running through my veins you see? Romance of the plastic scenes  
I can't see you breathe  
They're coming after me  
Honestly it's running through my veins you see  
I don't need their surgeries  
I just want to be  
They are coming after me oh no ohohoh no no oh no no no  
They are coming after me ooooh no  
After me! oooh oooh  
They are coming after me.
