Now Or Never

Natural

I recall
Back when we were 8 years old
We'd close our eyes
Dream about the places we'd go
You and me
Built castles in the sand
We were the king and gueen
And we had the perfect plan
I woke up last night
Couldn't get it out of my mind
The things we dreamt
Just about a thousand times
We gotta' live our lives
And fate will take us there
We gotta' head out on the highway
With no fear
(Chorus)
It's now or never
We can make it on our own
All I see is you and me
We can take our dreams and go
And I remember
All the things that helped us grow
I just know that this is now or never

It's the perfect time to go
So we turn
And head out on the open road
We left everything
That we used to call our home
We want the perfect world
And we'll find it out there
'Cause the sun is always shining
Somewhere
(Chorus)
So leave the past
And don't look back
We'll never be the same
And for all time

With your hand in mine
We'll make it through the rain
(Chorus
