Talk Baby Talk

Emma Louise

So this is really it this time, no more dramas in our lives
You sealed it with a kiss on my lips, on my forehead, and I cry
And we push it up hill, baby push, baby push, baby push it up hill as far as we could
Now we're rollin' down sour, sour baby, sour Yeah, rollin' down sour right
But why can't we just talk about it?
We used to be such good friends
Oh we used to be such good friends
Now all we do is fight
And all I wanna do is talk all night
Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all
Why can't we just talk about it?
You remember when we lit your shoes on fire in a backstreets of New York
And we were only happy cause we had each other together breaking law
And we were on fire, fire baby, fire
Talk about fire all night
And westside lovers under midtown cover talk about fire alight
But why can't we just talk about it?
We used to be such good friends
Oh we used to be such good friends
Now all we do is fight
And all I wanna do is talk all night
Baby talk all night Baby talk all night Baby talk all night Baby talk all night Baby talk all night Baby talk all
Why can't we just talk about it?
(Mmmmmmmmmhmmmmmm)But I was your best thing kissing on the back streets Rollin' in Booklyn dirt
And free were the sins made young and so restless
New York won't feel the same, New York, New York, New York won't feel the same
Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all night, Baby talk all
Why can't we just talk about it?
