She Said (2002 Remastered Version)

Barclay James Harvest

She said, "Why don't you come and stay with me
Far away from people we know?
We could live our lives together
Happiness wherever we go"
And I will always love her
And I will always care
And I will always love herWasn't long before she grew tired of me
And the life she thought would redeem
All the love she'd thrown away as a child
All the things she thought she had seenAnd I will always love her
And I will always care
And I will always love herAnd I will always love her
And I will always care
And I will always love her
