

Take It Off (feat. Yandel & Becky G)

Lil Jon

I can feel your eyes on me, keep on watching
I can't hear a word you speak, so no talking
Just listen to my body, hear it calling
I can feel your eyes on me, your eyes on me
Con calma, no pierdas la calma (Mami)
Me baila y solita se alarma (Mami)
Muñévelo (Wild out, let your freak out)
Bájilalo (Let loose, get crazy, mami)
Muñévelo (Keep dancing, make ya body sweat)
Bájilalo (Too hot, you can take it off) Hey, the way you move your body got me so turnt up like
Hey, so sexy, got me caught up in the moment like
Hey, keep playing, you gon' wake up in the morning like
Hey, Que me tiene al borde de la locura
[Pre-Chorus: Yandel & (Lil Jon)]
Quitatelo (Take it off)
Ese mahon, la camisa también nena
Quitatelo (Take it off)
Que aquí- no hay nadie, quiero verte bien nena
Quitatelo (Take it off)
Que yo quiero ver tu meneo cintura
Tanta hermosura, tanta figura
Que me tiene al borde de la locura I can feel your eyes on me, keep on watching
I can't hear a word you speak, so no talking
Just listen to my body, hear it calling
I can feel your eyes on me, your eyes on me
Con calma no pierdas la calma (Mami)
Me baila y solita se alarma (Mami)
Muñévelo (Wild out, let your freak out)
Bájilalo (Let loose, get crazy, mami)
Muñévelo (Keep dancing, make ya body sweat)
Bájilalo (Too hot, you can take it off) Hey, back it up on me, any closer I'mma be like
Hey, all up in your ear, tell you what you wanna hear like
Hey, I'm looking at you, booty looking at me like
Hey, tell the valet to bring me my keys
Sigue como vas jugando y ya mismo me encuentras
No me digas nada cuando te agarre en la oscuridad
El fuego que andas causando tienes que apagar
No te puedes ir corriendo te agarro sola y tienes que trabajar Quitatelo (Take it off)
Ese mahon la camisa también nena

Quitatelo (Take it off)
Que aquÃ- no hay nadie quiero verte bien nena
Quitatelo (Take it off)
Que yo quiero ver tu meneo cintura, tanta hermosura, tanta figura que me tiene al borde de la locuraI came to
the party to find me a papi
I hope you can handle a woman like me with a mind and a body

Que quiere que yo me le pegue que la noche entera me entregueI can feel your eyes on me, keep on watching
I can't hear a word you speak, so no talking
Just listen to my body, hear it calling
I can feel your eyes on me, your eyes on meCon calma no pierdas la calma
