

World of Mine

Five

I've been trying to ease my mind
From this life that I have been thrown into
I no longer know who to trust
They keep hurting me no matter what I do
It's a big world out there
And sometimes it can swallow you up
But never give up yeahCHORUS
I've been tryin' to find a friend in this crazy world
And the more that I try to find a friend in this crazy world
I'll sail the seven seas
I would climb a mountain highTo get you in this world of mineI've been dying to meet someone
Just to share all the things other people do
Just a laugh or a cry
Just a simple goodbye
I will see you soon, would do
I promise you I won't let you down
Come to me
I will make you see yeahCHORUSTo get you in this world of mineI've been searching for someone to care
Someone who'll always be thereCHORUSTo get you in this world of mineI've been tryin' (I'm tryin') to find
(I'm dying) a friend
(I'm fighting) in this crazy world (I'm fighting for you)
And the more that (I'm tryin') I try (I'm dying) to find
A friend (I'm fighting) in this crazy world (I'm fighting for you)I'll sail the seven seas
I would climb a mountain highTo get you in this world of mine
