How To Disappear

Thomas Azier

For all I know it looks different now
This is my home, this is my home
All the windows look different now
Cause they are not yours, no they are not yoursHow to disappear?
I'm just a bird on your bed,
I'll sing when you're sadHow to disappear?
I'm nothing more than a breeze
Can you feel me?I've got all the dreams inside me now
The dreams of the world, the dreams of the world
But when it's time and the autumn comes,
Let me come home...How to disappear?
I'm just a bird on your bed,
I'll sing when you're sadHow to disappear?
I'm nothing more than a breeze
Can you feel me?
