

Earthquake

Vicky Larraz

Verse 1 Im not going to try to rule my fears, anymore,
Im not going to try to stop your lovin, like before
Cause every time you move me baby!
Its a true heartquake baby!
I cant think when Im around you, (around you)
Its magnitude nine, and Its messing with my mind CHORUS Im lost, the tremors in my heart
Rock my soul
You Call, I shake
You Talk, I brake,
No control!
Youre my Earthquake, Earthquake Im yours, the rumble in my heart
Rocks my soul
Your touch, I crave
I cant behave,
No control!
Youre my Earthquake, Earthquake Verse 2 I no longer care if you turn my world, upside down
I will wear the chaos that you bring in, like a crown
Cause everthin is in motion baby!
Its a true heartquake baby!
Cant hold on when Im around you, (around you)
Its magnitude nine, and it makes me feel so fine. CHORUS Im lost, the tremors in my heart
Rock my soul
You Call, I shake
You Talk, I brake,
No control!
Youre my Earthquake, Earthquake! Im yours, the rumble in my heart
Rocks my soul
Your touch, I crave
I cant behave,
No control! !
Youre my Earthquake, Earthquake! MUSICAL BRIDGE These aftershocks
Take away my breath cause youre so near
Just see me fall
Loose myself in love with no frontiers
So near, So near. CHORUS Im lost, the tremors in my heart
Rock my soul
You Call, I shake
You Talk, I brake,
No control!

You're my Earthquake, Earthquake
I'm yours, the rumble in my heart
Rocks my soul
Your touch, I crave
I can't behave,
No control!
You're my Earthquake, Earthquake
