

Swimmers

Broken Social Scene

I was waiting for you
I was standing around
I was getting older
I was going down If you always get up late
You'll never be on time
If you always make it after work
Ba ba da da da, after work Oh, the day never comes
And I stand up waiting on I saw you down there
I know you were tired
I saw you
You looked like a swimmer Alright, alright
I wanna be with you
All of the time
Why can't you satisfy? You look good
But you sound better
You were the best I had If you always get up late
You're never gonna be on time
If you always get up late
You're never gonna be on time
And that's a shame 'Cause I like you
I'll never see you
