

Out Here in the Cold

[Gotye](#)

Darlin' don't leave me out here in the cold
I'm begging you baby don't leave me out here on my own I'll die,
If you don't hold me tight
Tonight,
I couldn't make it outside
If I tried,
So please let me in lover,
Be kind Please, don't leave me out here in the cold
No, no please don't leave me out here on my own Darlin' don't leave me out here in the cold
No, no please don't leave me out here on my own Darlin' don't desert me in here it's so dark
Don't leave me here darlin' don't you know I can't stand to part Oh but I'll stay,
If you promise to keep me safe,
I can't make it alone,
I'm afraid,
Oh my angel just don't go away Please, don't leave me out here in the cold
No, no please don't leave me out here on my own No, no please don't leave me out here
Please, Darlin' don't leave me out here in the cold
