I Won't Be Crying

Infernal

You always check yourself
In every mirror you see, day and night
And it is such a shame
Your vanity is to blame
Oh why don't you knock it off
It is the pointlessness
That's got me loving less
I cannot not handle that you're such a wannabe
You're caught up in yourself
And me,you don't even see
I won't be crying when I'm lonely
'Cause I'll be making sure I'll have a good time
aint nothing wrong when I'm alone now
'Cause I'm alone and I'm proud
I won't be crying when I'm lonely
I'm sure you don't believe
That anybody can tell you're a fool
I'll bet that you believe
They only think that you're cool
And a handsome devil too

But baby trust me now
You'd better turn around
'Cause otherwise you're gonna fall and hit the ground
'Cause all this spirit boy
Won't last eternally
I won't be crying when I'm lonely
'Cause I'll be making sure I'll have a good time
aint nothing wrong when I'm alone now
'Cause I'm alone and I'm proud
I won't be crying when I'm lonely
I won't be crying when I'm lonely
'Cause I'll be making sure I'll have a good time
aint nothing wrong when I'm alone now
'Cause I'm alone and I'm proud
I won't be crying when I'm lonely
'Cause I'll be making sure I'll have a good time
aint nothing wrong when I'm alone now
'Cause I'm alone and I'm proud

I won't be crying when I'm lonely
