

Online Lover

[Stevie T.](#)

Verse 1:

I remember the day that i met you,
You logged in to my life.

I knew that, you and i were meant to be
Close.

The way you've breathe so make your hair flows.

And the way you stare at me
Or maybe skype just froze.

I wanna dedicate my life to you and all my bed with you,
For hundred kilo bytes per second for you.

Chorus:

I wanna spend my life,
To spend my life with you.
You're my online lover.
I wanna spend my life,
To spend my life with you
I can't wait to meet you.

Verse 2:

When you come home late at night,
And I don't know where you've been.
You've been on with surfing with other men.
I've dream to scream inside my thing
Our relationship for you don't matter
(Death is all i see)

And we're seperated for our entire life now and future
scream!

* Guitar solo 1*

Chorus:

I wanna spend my life
To spend my life with you,
You're my online lover.
I wanna spend my life
To spend my life with you,
I just can't wait to meet you.

Bridge:

Nothing could ever tear us apart,
Except for when the power goes out.
My friends don't think it's right,
They think you're just a creepy guy.
I believe it in my heart,
That you're real and have the female parts.
So now we're meeting face to face
now I'll really know for sure.
Oh no Oh Oh...
I guess my friends were right,
You're just a creepy guy.

Outro chours:
I think I'm gonna barf
Cause this was just a lie,
You were all that i wanted.
And now i'll spend my life,
Wondering what could have been
No more online lovers.
